# **KEY OFFICERS OF FOREIGN SERVICE POSTS**

***Guide for Businessmen***

**March 1974**

It is most important that correspondence to a Foreign Service post be addressed to a section or position rather than to an officer by name. This will eliminate delays resulting from the forwarding of official mail to officers who have transferred.

# **KEY OFFICERS OF FOREIGN SERVICE POSTS**

## ***Guide for Businessmen***

The Guide for Businessmen lists key officers at Foreign Service posts with whom American businessmen would most likely have contact. All embassies, legations, consulates general, and consulates are listed.

At the head of each U.S. diplomatic mission are the *Chief of Mission* (with the title of *Ambassador*, *Minister* or *Charge d'Affaires*) and the *Deputy Chief of Mission*. These officers are responsible for all components of the U.S. Mission within a country, including consular posts.

*Economic/Commercial Officers* represent the entire spectrum of U.S. economic and commercial interests within their country of assignment. Their activities span from financial reporting to trade promotion. At larger posts, where the volume of trade, travel, and private investment interest is high, there are officers (designated in this booklet

as *Commercial Officers*) who specialize in export promotion, arranging appointments with local businessmen and government officials, and in providing the maximum possible assistance to American business.

*Political Officers* analyze and report on political developments and their potential impact on U.S. interests.

*Labor Officers* follow the activities of labor organizations in their countries of assignment and can supply information on wages, nonwage costs, social security regulations, labor attitudes toward American investments, etc.

*Consular Officers* extend to U.S. citizens and their property abroad the protection of the U.S. Government. They maintain lists of local attorneys, act as liaison with police and other officials and have the authority to notarize documents. The Department recommends that businessmen residing overseas register with the consular officer; in troubled areas, even travelers are advised to register.

The *Administrative Officer* is responsible for the normal business operations of the post, including purchasing for the post and its commissary.

*Scientific Attaches* follow scientific and technological developments in the country.

*Agricultural Officers* promote the export of U.S. agricultural products and report on agricultural production and market developments in their area.

The *AID Mission Director* is responsible for AID programs, including dollar and local currency loans, grants, and technical assistance.

The *Public Affairs Officer* is the post's press and cultural affairs specialist. He maintains close contact with the local press.

The *Regional Export-Import Bank Representatives*, while concerned primarily with explaining the Bank's role to foreign bankers, can provide guidance to businessmen about export financing available through the Bank.

Businessmen planning a trip overseas should include in their preparations a visit or telephone call to the nearest U.S. Department of Commerce Field Office. The Field Office can provide extensive information and assistance as well as a current list of legal holidays in the countries to be visited. If desired, the Field Office can also provide advance notice to posts abroad of the businessman's visit.

For additional information about Foreign Service activities overseas, or for specialized assistance with unusual problems, the businessman is invited to visit, telephone, or write the Business Relations Division, Bureau of Economic and Business Affairs, U.S. Department of State, Washington, D. C. 20520. Telephone (202) 632-0669.
